NO. 5646

6 December 2024

**NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998
(ACT NO. 107 OF 1998)****CONSULTATION ON THE PROPOSED AMENDMENTS TO THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 AND THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS LISTING NOTICES, 2014**

I, Dion Travers George, Minister of Forestry, Fisheries and the Environment, hereby, under sections 24(2), 24(5) and 44, read with section 47 of the National Environmental Management Act, 1998 (Act No. 107 of 1998), consult on the proposed amendments to the Environmental Impact Assessment Regulations, 2014, as amended, and the associated Environmental Impact Assessment Regulations Listing Notices 1, 2 and 3 of 2014, as set out in the Schedule.

The purpose of the proposed amendments is to give effect to sections 11, 62, 72, 76 and 86 of the National Environmental Management Laws Amendment Act, 2022 (Act No. 2 of 2022) which provides for the management and reclamation of residue deposits and residue stockpiles to be removed from the ambit of the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008) (Waste Act) and included in the National Environmental Management Act. In order to achieve this objective, in addition to the proposed amendments in the Schedule, proposed amendments to the list of waste management activities that have, or are likely to have, a detrimental effect on the environment are also required and were already published for public comment in Government Notice No. 4361 in *Government Gazette* No. 50107 on 9 February 2024. The transfer of the management of residue deposits and residue stockpiles from the Waste Act to the National Environmental Management Act as provided for in the National Environmental Management Laws Amendment Act will be brought into effect by Proclamation in the *Government Gazette* on the date of the commencement of the amendments to the Environmental Impact Assessment Regulations Listing Notices 1, 2 and 3 and the list of waste management activities.

The proposed amendments to the list of waste management activities and the Environmental Impact Assessment Regulations Listing Notices will have the effect of re-characterising residue stockpiles and residue deposits as a resource rather than a waste and removing them from the requirements of the National Standards for the Disposal of Waste to Landfill.

Since the reclamation and expansion of residue deposits and residue stockpiles will fall within the scope of existing mining activities in the Listing Notices, it is not proposed as new activities. Activities are however proposed for the reclamation and expansion of historical mine dumps, which fall outside the scope of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002).

In addition to the proposed change of the management regime for residue stockpiles and residue deposits, the proposed amendments also intend to clarify the competency with respect to mining activities and to better align activities for which permissions, consents, permits or rights are required in terms of

the Mineral and Petroleum Resources Development Act with the Environmental Impact Assessment Regulations Listing Notices 1, 2 and 3.

Members of the public are invited to submit written comments or inputs, within 60 days from the date of publication of this Notice in the *Gazette*, or the notification in a newspaper, whichever occurs last, to any of the following addresses:

Amendment of regulation 54 of the Regulations

24. Regulation 54 of the Regulations is hereby amended by the deletion of subregulation 2.

Amendment of regulation 54A of the Regulations

25. Regulation 54A of the Regulations is hereby amended—

- (a) by the substitution for paragraph (b) of subregulation 1 of the following paragraph:
“(b) a right, permit or exemption was required in terms of the Mineral and Petroleum Resources Development Act for—
(i) prospecting or exploration of a mineral or petroleum resource; or
(ii) extraction and primary processing of a mineral or petroleum resource;
and such right, permit or exemption has been obtained, and activities authorised in such environmental authorisation, right, permit or exemption commenced after 8 December 2014, such environmental authorisation, right, permit or exemption is regarded as fulfilling the requirements of the Act: Provided that where an application for an environmental authorisation was refused or not obtained in terms of the Act for activities directly related to prospecting, exploration or extraction of a mineral or petroleum resource, including primary processing, this subregulation does not apply.”; and
- (b) by the substitution for subregulation 2 of the following subregulation:
“(2) Where a right or permit issued in terms of the Mineral and Petroleum Resources Development Act and the associated Environmental Management Programme or Environmental Management Plan approved in terms of the Mineral and Petroleum Resources Development Act is still in effect after 8 December 2014, the requirements contained in Part 3 of Chapter 5 of these Regulations apply to such Environmental Management Programmes or Environmental Management Plans, and where—
(a) the audit or performance assessment cycle of the Environmental Management Programme or Environmental Management Plan exceeds five years, an audit report will be required to be submitted at least every five years commencing from the date of submission of the last audit, for the period during which the right or permit remains in effect; or
(b) no audit or performance assessment requirement was set in the Environmental Management Programme or Environmental Management Plan, an audit report will be required to be submitted to the competent authority no later than 7 December 2021 and at least every 5 years thereafter for the period during which the right or permit remains in effect.”.

Amendment of the heading of Appendix 4 of the Regulations

26. The heading of Appendix 4 of the Regulations is hereby amended by the substitution for the heading of the following heading:

“Content of an EMP”.

Amendment of appendix 7 of the Regulations

27. Appendix 7 of the Regulations is hereby amended—

- (a) by the substitution for paragraph 2 of the following paragraph:

- “2. The objective of the environmental audit report is to—
- (a) report on—
 - (i) the level of compliance with the conditions of the environmental authorisation, the EMPr and the closure plan in the case of a closure activity; and
 - (ii) the extent to which the avoidance, management and mitigation measures provided for in the EMPr and closure plan achieve the objectives and outcomes of the EMPr and closure plan;
 - (b) identify and assess any new impacts and risks as a result of undertaking the activity;
 - (c) evaluate the effectiveness of the EMPr and the closure plan in the case of a closure activity;
 - (d) identify shortcomings in the EMPr and the closure plan in the case of a closure activity; and
 - (e) identify the need for any changes to the avoidance, management and mitigation measures provided for in the EMPr and the closure plan in the case of a closure activity.”; and

- (b) by the substitution for subparagraph (1)(e) of paragraph 3 of the following subparagraph:

- “(e) an indication of the ability of the EMPr and the closure plan in the case of a closure activity to—
- (i) sufficiently provide for the avoidance, management and mitigation of environmental impacts associated with the undertaking of the activity on an on-going basis;
 - (ii) sufficiently provide for the avoidance, management and mitigation of environmental impacts associated with the closure of the facility in the case of a closure activity; and
 - (iii) ensure compliance with the provisions of environmental authorisation, EMPr and the closure plan in the case of a closure activity;”.

Amendment of Listing Notice 1

28. Listing Notice 1 is hereby amended—

- (a) by the insertion, in subparagraph (1) of paragraph 2 after the definition of “**Financial Provisioning Regulations**” of the following definitions:

“**fracturing**” means an intervention performed on a well to increase production by improving the flow of hydrocarbons from the drainage area into the well bore and includes re-fracturing;

“**historical mine dump**” means any debris, discard, residues, tailings, slimes, slurry, waste rock, foundry sand, beneficiation plant waste, ash or any other product derived from or incidental to a prospecting or mining operation which does not require a right or permit in terms of the Mineral and Petroleum Resources Development Act;”;

- (b) by the deletion, in subparagraph (1) of paragraph 2, of the definition of “**hydraulic fracturing**”;
- (c) by the deletion, in subparagraph (1) of paragraph 2, of the definition of “**mining application**”;
- (d) by the insertion, in subparagraph (1) of paragraph 2, after the definition of “**previous NEMA notices**” of the following definition:

“**reclamation**” in the context of historical mine dumps, means the obtaining of materials of value from such historical mine dumps;”;

(e) by the substitution for subparagraph (3) of paragraph 2 of the following subparagraph:

“(3) The following words will have the meaning assigned to them in terms of section 1 and Schedule II of the Mineral and Petroleum Resources Development Act:

- (a) “exploration operation”;
- (b) “exploration right”;
- (c) “mine”;
- (d) “mineral”;
- (e) “mining operation”;
- (f) “mining permit”;
- (g) “mining right”;
- (h) “old order right”;
- (i) “petroleum”;
- (j) “production operation”;
- (k) “production right”;
- (l) “prospecting operation”;
- (m) “prospecting right”; and
- (n) “reconnaissance permit”.

(f) by the substitution, in Appendix 1 “**Identification of competent authority**”, for paragraph (b) of the following paragraph:

“(b) the application is for—

- (i) a mining activity;
- (ii) the expansion of a prospecting, exploration, mining or production operation;
- (iii) an activity using fracturing technology;
- (iv) the reclamation of a historical mine dump; or
- (v) the expansion of a historical mine dump;

In which case the competent authority is the Minister responsible for mineral resources.”;

(g) by the substitution for activity 20 of the following activity:

“**20.** Any activity including the operation of that activity which requires a prospecting right in terms of section 16 of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the prospecting right excluding where—

- (i) the prospecting includes the removal and disposal of a mineral that requires a permission in terms of section 20(2) of the Mineral and Petroleum Resources Development Act, in which case activity 19 of Listing Notice 2 will apply.”;

(h) by the substitution in paragraph (b) of activity 21A for the word “arial” of the word “aerial”;

(i) by the substitution in paragraph (b) of activity 21B for the word “arial” of the word “aerial”;

(j) by the substitution for activity 21C of the following activity:

“21C. Any activity including the operation of that activity which requires an exploration right in terms of section 79 of the Mineral and Petroleum Resources Development Act, for onshore exploration, as well as any other applicable activity as containing in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the exploration right, excluding—

- (a) any desktop study;
- (b) any aerial survey; and
- (c) an activity which requires the use of fracturing technology which is included as activity 20A in Listing Notice 2 of 2014, in which case that activity applies.”;

(k) by the substitution for activity 21D of the following activity:

“21D. Any activity including the operation of that activity which requires an amendment or variation to a prospecting, mining, exploration or production right or permit, or to a prospecting, mining, exploration or production work programme, in terms of section 102 of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required for such amendment.”;

(l) by the substitution for activity 21F of the following activity:

“21F. The reclamation of a historical mine dump as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required for such reclamation.”;

(m) by the insertion, after activity 21F, of the following activities:

“21G. An onshore seismic survey which does not require a permission, right or permit in terms of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required to undertake the activity, excluding—

- (a) any desktop study; and
- (b) any aerial survey.

“21H. An offshore seismic survey which requires an exploration right in terms of section 79 of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as containing in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the exploration right.”;

(n) by the substitution for activity 31 of the following activity:

“31. The closure of existing facilities, structures or infrastructure for—

- (i) any development and related operation activity or activities listed in this Notice, Listing Notice 2 of 2014 or Listing Notice 3 of 2014;
- (ii) any expansion and related operation activity or activities listed in this Notice, Listing Notice 2 of 2014 or Listing Notice 3 of 2014;
- (iii)
- (iv) any phased activity or activities for development and related operation activity or expansion or related operation activities listed in this Notice or Listing Notice 3 of 2014; or
- (v) any activity regardless of when the activity was commenced with, where such activity:
 - (a) is currently listed as an activity in (i) or (ii) above; and
 - (b) is still in operation or development is still in progress;

excluding where—

- (aa) ...
 - (bb) the closure is covered by part 8 of the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008) as decommissioning, in which case the National Environmental Management: Waste Act, 2008 applies; or
 - (cc) such closure is in relation to an activity for which a permission, right, permit or consent was issued in terms of the Mineral and Petroleum Resources Development Act, or the closure relates to an old order right.”;
- (o) by the substitution for activity 66A of the following activity:
- “**66A.** The expansion of an activity which requires the use of fracturing technology, as well as any other applicable activity as contained in this Listing Notice or Listing Notice 3 of 2014, required for such expansion.”; and
- (p) by the insertion after activity 66A of the following activities:
- “**66B.** The expansion of a prospecting, mining, exploration or production operation authorised in terms of the Mineral and Petroleum Resources Development Act, for which an amendment to the right or permit or work programme is not required, as well as any other applicable activity as contained in this Listing Notice or Listing Notice 3 of 2014 required for such expansion.
- 66C.** The expansion of the reclamation of a historical mine dump as well as any other applicable activity as contained in this Listing Notice or Listing Notice 3 of 2014, required for such expansion.”.
- 66D.** The expansion of an onshore seismic survey which does not require a permission, right or permit in terms of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required for such expansion.”.

Amendment of Listing Notice 2

29. Listing Notice 2 is hereby amended—

- (a) by the insertion, in subparagraph (1) of paragraph 2, after the definition of “**Financial Provisioning Regulations**” of the following definitions:

“**“fracturing”** means an intervention performed on a well to increase production by improving the flow of hydrocarbons from the drainage area into the well bore and includes re-fracturing;

“**historical mine dump**” means any debris, discard, residues, tailings, slimes, slurry, waste rock, foundry sand, beneficiation plant waste, ash or any other product derived from or incidental to a prospecting or mining operation which does not require a right or permit in terms of the Mineral and Petroleum Resources Development Act;”;
- (b) by the deletion, in subparagraph (1) of paragraph 2, of the definition of “**hydraulic fracturing**”;
- (c) by the deletion, in subparagraph (1) of paragraph 2, of the definition of “**mining application**”;

- (d) by the insertion, in subparagraph (1) of paragraph 2, after the definition of “**Mineral and Petroleum Resources Development Act**” of the following definition:

“**reclamation**” in the context of historical mine dumps, means the obtaining of materials of value from such historical mine dumps;”;

- (e) by the substitution for subparagraph (3) of paragraph 2 of the following subparagraph:

“(3) The following words will have the meaning so assigned to it in terms of section 1 and Schedule II of the Mineral and Petroleum Resources Development Act:

- (a) “exploration right”;
- (b) “mine”;
- (c) “mineral”;
- (d) “mining area”;
- (e) “mining operation”;
- (f) “mining right”;
- (g) “old order right”;
- (h) “petroleum”;
- (i) “production right”; and
- (j) “prospecting right” .”;

- (f) by the substitution, in Appendix 1 “**Identification of competent authority**”, for paragraph (b) of the following paragraph:

“(b) the application is for—

- (i) a mining activity;
 - (ii) the expansion of a prospecting, exploration, mining or production operation;
 - (iii) an activity using fracturing technology;
 - (iv) the reclamation of a historical mine dump; or
 - (v) the expansion of a historical mine dump;
- in which case the competent authority is the Minister responsible for mineral resources.”;

- (g) by the substitution for activity 9 of the following activity:

“**9.** The development of facilities or infrastructure for the transmission of electricity with a capacity of 275 kilovolts or more, outside an urban area or industrial complex excluding the development of bypass infrastructure for the transmission of electricity where such bypass infrastructure is—

- (a) temporarily required to allow for maintenance of existing infrastructure;
- (b) 2 kilometres or shorter in length;
- (c) within an existing transmission line servitude; and
- (d) will be removed within 18 months of the commencement of development.”;

- (h) by the substitution for activity 18 of the following activity:

“**18.** Any activity including the operation of that activity which requires an exploration right in terms of section 79 of the Mineral and Petroleum Resources Development Act, for offshore exploration, as

well as any other applicable activity as contained in this Listing Notice, in Listing Notice 1 of 2014 or Listing Notice 3 of 2014, required to exercise the exploration right, excluding—

- (a) any desktop study;
 - (b) any aerial survey;
 - (c) any offshore seismic survey which is included in activity 21H of Listing Notice 1 of 2014, in which case that activity applies; and
 - (d) an activity which requires the use of fracturing technology which is included as activity 20B, in which case activity 20B of this Notice applies.”;
- (i) by the substitution for activity 19 of the following activity:

“**19.** Any activity including the operation of that activity which requires a prospecting right in terms of section 16 of the Mineral and Petroleum Resources Development Act, and the prospecting includes the removal and disposal of a mineral which requires a permission in terms of section 20(2) of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as contained in this Listing Notice, in Listing Notice 1 of 2014 or Listing Notice 3 of 2014, required to exercise the permission.”;

- (j) by the substitution for activity 20A of the following activity:

“**20A.** Onshore exploration operations which require the use of fracturing technology, as well as any other applicable activity as contained in this Listing Notice, in Listing Notice 1 of 2014 or Listing Notice 3 of 2014, required for such fracturing.”; and

- (k) by the insertion after activity 20A of the following activities:

“**20B.** Offshore exploration operations which require the use of fracturing technology, as well as any other applicable activity as contained in this Listing Notice, in Listing Notice 1 of 2014 or Listing Notice 3 of 2014, required for such fracturing.

20C. An activity or expansion of such activity identified in Listing Notice 1 which requires a consent, prospecting right, mining permit or exploration right, or for which exemption was granted, in terms of the Mineral and Petroleum Resources Development Act, which also triggers an activity in this Listing Notice, as well as any other applicable activity as contained in Listing Notice 1 of 2014 or Listing Notice 3 of 2014, required to exercise such a consent, right, permit or exemption.

20D. The reclamation of a historical mine dump or the expansion of such reclamation, identified in Listing Notice 1, which also triggers an activity in this Listing Notice as well as any other applicable activity as contained in Listing Notice 1 of 2014 or Listing Notice 3 of 2014, required for such expansion or reclamation.”.

Amendment of Listing notice 3

30. Listing Notice 3 is hereby amended—

- (a) by the deletion of the definition of “**mining application**”; and
